August Gravelle of Glen Carbon Charges That John Bruno Took All He Possessed in Applying for Warrant.

While flying a kite in the street within a few yards of his home, Robert, the 2-barreless of Blate's Attorney J. F. Gilliams, at 2-dwardsville yesterday and asked for a warrant charging John Bruno with grand larceny.

That is a pretty heavy charge, "vouch with grand larceny, "What did he steaf?"

While flying a kite in the street within a few yards of his home, Robert, the 2-barreless of the prosecutor. "What did he steaf?"

That is a pretty heavy charge, "vouch with grand larceny, "What did he steaf?"

It was a sat take which he kept in a cigar box hid away in a trunk at his home.

Thursday noorning, he says, while he was at work in the mine, Bruno called for his wife, and taking with them the two girls, Eva and Jeannette, aged 18 and 5, and the \$500 cigar box they departed on the \$500 cigar box they departed

Sinte Falls on Young Miner Who

Was Waiting to See Boss.

Elmer Ammerson of Gien Carbon was removed yesterday to a St. Louis hospital. He was perhaps fatalily injured while seeking vork.

Ammerson, who is 19 years old, had been employed in Mine No. 4 of the Madison Coal Company as driver, but several weeks ago laid off on a cocount of sickness. Yesterday he was able to return to work and wished to make application for a job as a full-fledged miner.

He went below and sat down by one of the entries to await the manager, Alec Miller, and was so stationed when a fragment of slate fell from the roof and crushed him. He was taken out and after primary treatment was forwarded to the hospital. His back is said to be broken. Was Waiting to See Boot.

Three of Cases Entered in Belleville

New suits filed in the Circuit Court in Belleville yesterday were: George Calhoun and George Hicks, a negro policeman of throoklyn, for \$1.60 damages for alleged and tales arrest.

horses were trotting at a good rate, and Wires was unable to turn them aside to avoid striking the boy.

The little fellow was knocked down, and, it is believed, was trampled on by the horses and run over by the wagon. Wires stopped his team as quickly as possible, and, gathering the limp form of the boy in his arms, carried it to the sidewalk, placing it beneath the shade of a tree. He to hurriedly summoned physicians, Doctors Campbell and Cable responded, and produced the boy dead when they arrived vesterally plustics R. Nathan for assauting based to the house of the meantime the other boys carried the news of the accident to Mrs. The body was removed to the house, and Deputy Coroner Hertel was notified.

The body was removed to the house, and Deputy Coroner Hertel was notified. Wires turned in his wagon and then went to the police station, where he gave him of the Coroner's inquest this morning.

WET MORTHWEST WEATHER LENDS STRENGTH TO WHEAT.

AND IS FIRM.

Oats Market Steady Despite sions Are Weak on Large

Chicago, Sept. 1.—Wet weather in the Northwest caused a firm wheat market here to-day. At the close wheat for Dec. delivery was up isfrige. Corn shows a gain of isc. Outs are practically unchanged. Provisions are down to 100 to 122-c.

BENJ. EISEMAN, Rico-Stir Dry Goods Ca.

Sentiment in the wheat pit was in-clined to bullishness the cutire session, A Sentiment in the wheat pit was in-clined to bullishness the entire session. At the opening the Fec. option was up \$60 at \$1\forall c. Additional rain in the North-west was the chief source of encourage-ment to bulls.

A moderate advance at Liverpool, how-ever, helped to stimulate demand for wheat here. Weather Bureau predictions of clear weather to-morrow in the spring wheat country gave prices a little set-

CORN.

Corn was in good demand by commission house throughout the entire session. As a result, a firm tone was manifested. Higher prices at Liverpool resulting from smaller shipments from Argentina were partly responsible for the firmness. Lower temperatures over the corn belt aided the bulls. The market closed at practically the highest point of the day. Dec. opened lie to be higher at 45% to 65%, sold up to 65%, 65%, and closed at 65%. Local receipts were 40% cars, with 160 of contract grade.

COTTON ACTIVE AND LOWER

Later Covering Causes Some Im-

New York, Sept. 1.—The cotten market was lower and active and ruled very nervous. There was a sharp break early, but later covering caused some improvement and the close was 5 points lower to 1 point higher.

Sales were estimated at \$6.00 hales. The opening was easy at a decline of 1 point to 2 points in response to lower cables. At first there was some hesitation, but bears, seeing no indication of important buil support, soon pounded the market below the low point of the previous day when stop orders were caught and liquidation became general.

Prices were carried down to a net decline at about liquid bounded to be fresh buying orders for long account, and shortly after midday active months opened up to a net gain of 4 to 6 points.

This was followed by less active business and new irregularity with the close steady.

Two private crop condition estimates

tready.

Two private crop condition estimates were issued, one placing it at 72.4 per cent

NEW ORLEANS LONGS ROUTED.

NEW ORLEANS LONGS ROUTED.
REPUBLIC SPECIAL.

New Orleans, La., Sept. 1.—In its summary of the cotton situation to-morrow the Times-Democrat will say:

"The protracted holiday, more than any other factor, routed out some more of the remaining 'longs' and encouraged 'shorts' to make further endeavors, but in the end drove both sides to cover. While the prospect for an ultimate victory of the high-price men has by no means faded away, the probability that the lingering 'long' interest would seek liquidation on a further le or 15 point decline left the impression with the talent that Tuesday's trading prior to the bureau might witness another period of weakness, though the accumulation of an important 'short' interest may bring about some unexpected strength should the outlook Tuesday morning he less hopeful.

"Secretary Fester's year figures showing the 194-66 commercial crop to have been 12,56,999 bales and the actual growth to have been 12,56,999 bales and the actual growth to have been 12,56,999 bales and the heavy liquidation in evidence Thun 'ny were likewise neglected in the price-boomercial crop to have been 12,56,999 bales and the heavy liquidation in evidence Thun 'ny were likewise neglected in the price-booter, oven at the position of the price-booter, oven at the position of the price-booter, oven at the additional decline, becomes, in the absence of new factors, no more tenable than it has been during the past few days.

"Conservative operators are new convinced that, barring some radical showing by the bureau, investment speculation will not start up for awhile, though it is not unreasonable to anticipate some effect as a result of the September 6 meeting of the Southern Cotton Association."

1,133,351 last year. Of this, the total of American cotton to 1,665,541, against 474,381 last year. LIVE-STOCK MARKET.

Cows and helfers: Butcher Cattle-Most of the native cattle were butcher grades, but the kind was not very good, practically the entire receipts being common to medium grades. While there was nothing especially good to the market, the offerings sold in fairly free manner at steady prices.
